6. Please have neighbors of the proposed project sign the attached petition. A minimum of 70% of block **owners** (one signature per address), as registered on the property's deed, must sign the petition in order to be able to be nominated as a Cherrydale NC project. The 70% threshold is for the nominating round only. (The official NC petitions require 60% approval based on linear footage of the property adjacent to the project.)

I, \_\_\_\_\_, submit this project for nomination as Cherrydale's submission to the Arlington NCAC as its number one priority project. I agree if the project is submitted to NCAC that I will volunteer as block captain, or if I cannot serve, to find another block neighbor for the position.
